Privacy policy

What information do we collect?

We automatically collect certain information about your visit. We know: the date and time you access our site, the Internet Protocol (IP) address, the type of browser and the protocol used for communication as well as any problems that occurred during your visit. We also use additional tools to analyze internet user behaviors.

How do we use the data?

The data collected during your visit are used for the website administration purposes. We collect this information because it helps us to better design our website to suit your needs.

Information Collected for Tracking and Customization (Cookies)

A cookie is a small file that a website transfers to your computer to allow it to remember specific information about your session while you are connected. Cookies do not include any personal data and they do not interfere with your computer operations. They are used to identify the web browser and are required to use some of the functions, which are available on the website.

In case of any infringement of the Law or in case of a control run by the **Inspector General for the Protection of Personal Data**, the data may be transferred to other entities authorized by the Law.
